PLAN BOTHNIA

Testing a Maritime Spatial Planning process in the Bothnian Sea

The fourth meeting provided first glimpses of a MSP plan

Entrance to the conference center - a XVII century palace

Wednesday and Thursday this week the Plan Bothnia project had its fourth planning meeting (MSP4) in Stockholm, Sweden (conference centre "Piperska Muren"). The meeting took an in-depth look at the draft material produced by project participants.

The discussions centered around similarities and differences between two documents including material for the Plan Bothnia MSP plan, one from a group of Finnish participants

Co-Financed under European Integrated Maritime Policy
